

A-CLCP Association Announcement Association of Certified Life Care Planners

The International Commission on Health Care Certification (ICHCC) and the CLCP /CCLCP Board of Commissioners are proud to announce the development of an elite association available exclusively for Certified Life Care Planners (CLCP) and Canadian Certified Life Care Planners (CCLCP) named the Association of Certified Life Care Planners (A-CLCP). A-CLCP will open up a new pathway and unlimited opportunities for the CLCP and CCLCP credentials to experience vast growth and stronger continuity. This is the evolution to something very positive and powerful.

The purpose of the **A-CLCP (Association of Certified Life Care Planners)** is to further the strength of the CLCP /CCLCP credentials and to solely concentrate on the support and growth of all CLCPs and CCLCPs. **A-CLCP** will offer continuous learning opportunities through quarterly mentoring webinars, quarterly marketing webinars and various other webinar opportunities and innovative services to help all CLCPs & CCLCPs educationally as well as professionally. Because of the elite status, high level of education and work experience that a CLCP and a CCLCP possess, it is important to separate those who hold this prestigious designation from those who do not and to establish an association whose sole concentration is on those holding the CLCP and CCLCP credentials and who are in good standing.

The **A-CLCP** will concentrate solely on the needs of the CLCP and CCLCP credential holders and will provide you with the innovations and support you desire to enable you to continue to grow in the field of life care planning as well as provide a consolidated effort to enhance and strengthen our credentials.

We will all be working together towards one goal!

Mission Statement: To unite and strengthen the credentials and the professionals holding the Certified Life Care Planner (CLCP) and Canadian Certified Life Care Planner (CCLCP) certifications and to ensure the continued growth, prestige and high standards of these credentials. A-CLCP will work tirelessly to protect and maintain the dignity, elite standards and influence of the CLCP and CCLCP credentials.

Attached you will find a membership application along with an information sheet listing the many membership benefits that will be provided to you.

A-CLCP will open up a new pathway and unlimited opportunities for the CLCP and CCLCP certifications to experience vast growth and stronger continuity. This is the evolution to something very positive and powerful. We look forward to working together with each of you!
